Dear Mr. Curti:

On October 20, 2003, Tulare County Association of Governments (TCAG) Policy Board adopted an Amendment to the Federal Transportation Improvement Program. The following Amendment will be known as Administrative Amendment No. 11 (TCAG Resolution No. 1416) to the 2002 FTIP amending the State Transportation Improvement Program (STIP), Transportation Enhancement Activities (TE), and Federal Transit Administration (FTA) 5307.

"The project(s) included in the FTIP by this amendment has/have been demonstrated to satisfy the requirements of 40 CFR 93.118 and 93.119 without a new regional emissions analysis in accordance with the provisions of 40 CFR 93.122(e)(2)(ii). Accordingly, the Project(s) has/have been included in the regional emissions analysis of the Regional Transportation plan's regional emissions at the time of the transportation plan's conformity determination, and that the design concept, scope, and implementation schedule of the project(s) is/are not significantly different from that described in the transportation plan. In addition, the funding or the project(s) will not delay the implementation of projects in the metropolitan transportation plan or FTIP."

This amendment satisfies the following conditions, which allow this action to proceed as an administrative amendment:

1. The change only affects projects which are presently air quality conformed in the TCAG 2001 Regional Transportation Plan and the 2002 Federal Transportation Improvement Program;
2. The change will not affect the 2002 FTIP Financial plan, as it will be entirely funded by revenues made specifically available for these purposes;
3. The changes will not interfere with the timely implementation of transportation control measures;
4. The projects are consistent with the adopted and federally approved Regional Transportation Plan; and
5. The changes are consistent with TCAG Board's Federal Transportation Improvement Program Local Adjustment and Administrative Amendment Procedures approved on November 23, 1998.

Administrative Amendments are used in lieu of formal FTIP Amendments, and as such, are not subject to federal and state approval. The purpose of this letter is to notify Caltrans District 06, the Federal highway Administration, and Federal Transit Administration that the amendment has been locally approved. If you have any questions, please contact Ted Smalley of TCAG Staff at 559-733-6291.

Note: Amendment No. 11 approves the use of AB 3090 for various projects as presented below. The following is a summary by project of components proposed to use the AB 3090 process. There are no additional funds being programmed. In addition the City of Visalia also proposes an amendment to the Transportation Enhancement (TE) program and the City of Porterville is requesting that Federal Transit Administration (FTA) 5307 previously approved transit projects be moved into the FY03/04 from FY 02/03. There are no additional funds being programmed. Attached are the FTIP summary sheets to be included in the 2002 FTIP Amendment No. 11 requests for Tulare County.

Attention: Tom Glaski

Dear Mr. Johnson:

As Tom and I discussed this morning, I am enclosing a revised copy of the **Visalia Major Travel Corridor Tree Planting TE** project application. We are asking that the project boundaries be extended to the east along Noble Avenue and Mineral King Avenue. The project scope is not changing. We originally over-estimated the number trees and amount of irrigation than can reasonably fit within the boundaries specified in the application, so it behooves us to extend the boundaries in order to maximize the use of grant money. A revised project application with the new project description is enclosed for your review.

You said that you thought we would be able to change the boundaries with an administrative amendment by TCAG since the scope and funding remain the same. You did not think there would be any additional requirements from the State. Please look into this matter and let me know if there will be any "hoops to jump through" in order to change the boundary limits.

If you have any questions, please feel free to call me at 713-4595 or send e-mail to mcarr@ci.visalia.ca.us.

Sincerely yours,

Michael Carr
